LIST OF PUBLICATIONS FROM PRESENT WORK

Papers in SCI

- Nisha Raheja, Amit Kumar Manocha, IoT based ECG monitoring system with encryption and authentication in secure data transmission for clinical health care approach, Biomedical Signal Processing and Control, Volume 74, April 2022, 103481, April 2022, IF:5.1.
- Nisha Raheja, Amit Kumar Manocha, An IoT Enabled Secured Clinical Health Care Framework for Diagnosis of Heart Diseases Biomedical Signal Processing and Control, Volume 80, 104368, February 2023, IF:5.1.

Papers in Scopus

- Nisha Raheja, Amit Kumar Manocha, Removal of Artifacts in Electrocardiograms using Savitzky-Golay Filter: An Improved Approach, Journal of Information Technology Management, Special Issue pp 62-75, 2020.
- Nisha Raheja, Amit Kumar Manocha, A Study of Telecardiology Based Method for Detection of Cardiovascular disease, Book Chapter in Books series on Recent Trends in Image and Signal Processing in Computer Vision. Advances in intelligent Systems and Computing, vol. 1124, published in Springer book entitled Recent Trends in Image and Signal Processing in Computer Vision, Singapore. pp 165-179, 2020.
- Nisha Raheja, Amit Kumar Manocha, A novel method for detection of ischemia in Electrocardiogram signals, Journal of Cardiovascular Disease Research, Vol. 12, Issue 03, ISSN:0975-3583, pp 0976-2833, 2021.

Papers in Conferences

- Nisha Raheja, Amit Kumar Manocha, An improved method for De-noising of Electrocardiogram signals, International Conference on Data Analytics and Management (ICDAM), published in Springer book entitled Data Analytics and Management, pp.617-626, 2021, DOI:10.1007/978-981-15-8335-3_47.

- Nisha Raheja, Amit Kumar Manocha, ECG Signal Analysis for Detection of Arrhythmia in Telecardiology Platform, International Conference On Trends in Science, Engineering and Management, (ICTSEM), pp 342-356, 2021.
- Nisha Raheja, Amit Kumar Manocha, An Efficient Encryption-Authentication scheme for Electrocardiogram data using the 3 DES and Water Cycle Optimization algorithm, published in IEEE, International Conference on Signal Processing, Computing and Control (ISPCC), 2021, DOI: 10.1109/ISPCC53510.2021.9609415.
- Nisha Raheja, Amit Kumar Manocha, Wavelet and Savitzky-Golay filter based Denoising of Electrocardiogram signal: An improved approach, in 2nd Emergent Converging Technologies and Biomedical Systems (ETBS), published in Springer book entitled Emergent Converging Technologies and Biomedical System (Scopus Indexed), pp.317-326, 2022, DOI: 10.1007/978-981-99-2271-0.
- Nisha Raheja, Amit Kumar Manocha, Advancing ECG Signal Quality: A Comprehensive Strategy for Continued Noise Elimination Enhancement, in International Conference on Global Synergy Summit- Bridging the Discipline in Engineering, 2024.
